**HB 2281 – SB 2223**

Assumptions applied to amendment:

- Sections of this bill as amended resulting in either a no impact or a not significant impact have been omitted from the assumptions section of this fiscal memorandum.
- According to the Department of Revenue (DOR), the amount of state revenue forgone resulting from the expansion of economic development tax incentives (via changes to F/E tax law) is estimated to exceed \$3,250,000 per year.
- According to DOR, the decrease to state revenues resulting from the expansion of economic development tax incentives (via changes to sales and use tax law) is estimated to exceed \$4,400,000 per year.
- According to DOR the decrease to state revenues resulting from F/E bank credits for investments into the Tennessee Rural Opportunity Fund (considered an economic development incentive) and for the apportionment change attributable to barge companies is estimated to exceed \$200,000 per year.
- According to DOR, the decrease of state revenues resulting from sales tax exemptions for motor vehicles purchased by members of military is estimated to be \$7,800,000 per year.
- The decrease of state revenues resulting from the addition of Stewart and Humphreys counties to the Tennessee River Resort District Act is estimated to be \$425,000 per year (fiscal note for HB0327/SB0532).
- According to DOR, the decrease of state revenues resulting from the removal of automobile manufacturers' incentive payments from the sales price of motor vehicles for sales tax purposes is estimated to be \$1,000,000 per year.
- According to DOR, the increase to state revenues resulting from the closing of identified F/E tax loopholes is estimated to exceed \$16,500,000 per year.
- According to DOR, the increase of state revenue resulting from the increase of tire disposal fees is estimated to be \$1,600,000 per year.
- The increase to state revenues resulting sales tax collections on sales of propane gas in small portable tanks is estimated to be \$800,000 per year.
- The increase to recurring state expenditures for one Tax Audit position, two Taxpayer Verification Services positions, and two Information Technology Resources positions is estimated to be \$270,000 per year.
- The increase of one-time state expenditures related to the hiring of the six new positions is estimated to be \$120,000.
- According to DOR, the decrease to local government revenues resulting from sales tax exemptions for motor vehicles purchased by members of military is estimated to be \$325,000 per year.
- The increase of local government revenues resulting from the addition of Stewart and Humphreys counties to the Tennessee River Resort District Act is estimated to be \$425,000 per year (fiscal note for HB0327/SB0532).

**CERTIFICATION:**

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James W. White". The signature is fluid and cursive, with the first name "James" written in a larger, more prominent script than the last name "White".
